

Appendix D: Recommended decisions on submissions

Activities in the CMA

* All further submissions are accepted or rejected accordingly

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
S19/001		Don Long	Rule R196: Motor vehicles - permitted activity	Amend	Amend the PNRP to reinforce the existing local body regulation that makes parking on the beach at Day's Bay a parking offence.	Reject	Issue 1
	/						
S29/038		Powerco	Policy P145: Reclamation, drainage and destruction	Support	Retain Policy P145 without further modification.	Accept	Issue 3
	/						
S32/016		Wellington Recreational Marine Fishers Association	Schedule U: Trigger levels for river and stream mouth cutting	Amend	[Amend Schedule U] and create a new mouth cutting regime for Makara Stream that acknowledges the role of the north-westerly weather patterns which will push shingle back into the river mouth. The present management plan is inadequate. [Cease WRC placing logs] on the beach that prevents boat owners from accessing the sea, which is in breach of its own rules. This poorly worded schedule must not remain in its present form.	Reject	Issue 4. Request outside of scope for Schedule 12, which is to prevent erosion and flooding effects rather than to provide for recreational values.
	/						
S32/017		Wellington Recreational Marine	Rule R193: River	Amend	[See submission point S32/016 e.g. amend Schedule U (trigger	Reject	Issue 1.

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
		Fishers Association	and stream mouth cutting - permitted activity		levels for mouth cutting)]		Request outside of scope for Schedule 12, which is to prevent erosion and flooding effects rather than to provide for recreational values
	/						
S32/041		Wellington Recreational Marine Fishers Association	5.7.2 Coastal management general conditions	Amend	Correct spawning times [for inanga] to 1st Jan to 31 May. We have a huge fluctuation of water temperatures over the summer months and we have already proved inanga spawn in the early summer months. They may spawn in August up north when the water temperature would suit them but not here as the water would be too cold.	Reject	Issue 4
	/						
S32/064		Wellington Recreational Marine Fishers Association	Rule R200: Dredging for flood protection purposes or erosion mitigation - controlled activity	Amend	Find another method to dispose of the mud from the sand extraction process plant at the end of the Hutt River. It is unacceptable for the WRC to be knowingly in breach of [Rule 200].	Reject	Issue 2
	/						
S32/065		Wellington Recreational Marine Fishers Association	5.7.2 Coastal management general conditions	Amend	Reword [Note to 5.7.2(h)] to encourage stream banks to be protected with native plants. Include the words "native intertidal plants" so that WRC staff stop ripping out native intertidal plants. Stop this stream mismanagement by the WRC. The	Reject	Issue 4

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
					wording must make it clear native flax, raupo and toetoe are to be planted at the bottom of the stream banks to protect them.		
	/						
S33/041		Porirua Harbour and Catchment Community Trust	5.7.2 Coastal management general conditions	Not stated	Clarify the origin of the coastal management general conditions [5.7.2], perhaps by referencing it in Schedule N(i).	Reject	Issue 4
	/						
S34/001		Wendy Barry	Rule R199: Motor vehicles in the fossil forest at Titahi Bay - prohibited activity	Support	Keep this rule in the final plan, but ensure there is adequate consultation and communication with the local community. It will create a big backlash if people feel like it has come out of the blue.	Accept in part	Issue 1
	/						
S45/001		Claire Jones	5.7.13 Motor vehicles on the foreshore	Amend	Either amend the rules [relating to vehicles on beaches] to make them stronger or make the rules more public with more signage, more profile in our local papers, more patrols of the beaches and stronger penalties for breaking the law. Educating the public is important.	Accept in part	Issue 1
	/						
S55/041		The Oil Companies	Policy P145: Reclamation, drainage and destruction	Support	Retain Policy 145 without further modification.	Accept	Issue 3
	/						
S66/023		GBC Winstone	Rule R195: Disturbance or damage inside sites of significance - non complying activity	Amend	Add a note following Rule R195 to the effect that dredging for flood protection or erosion mitigation and associated disturbance and damage is covered in Rules R200 and R201.	Reject	Issue 1
	/						
S68/003		Sophie Mormede	Method M22: Integrated management of the coast	Amend	Engage with mana whenua, agencies, AND community groups that have governance responsibilities and INTEREST in the coastal marine area.	Reject	Issue 4

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
	/						
S69/008		Friends of Taputeranga Marine Reserve Trust	Rule R191: Disturbance associated with beach grooming - permitted activity	Not stated	Make beach grooming at least a Discretionary or Restricted Discretionary activity (if not non-complying) within the marine reserve areas and other sites of significance.	Accept	Issue 1
	/						
S69/010		Friends of Taputeranga Marine Reserve Trust	Method M22: Integrated management of the coast	Not stated	[Decision unclear; refer to original submission for details.]	Reject	Issue 4
	/						
S72/001		John Morrison	Rule R193: River and stream mouth cutting - permitted activity	Amend	Clarify what is proposed to control the Waimeha Stream at Waikanae. Identify triggers for intervention which protect against excessive dune destruction. Require intervention within a faster time frame than at present.	Reject	Issue 1
	/						
S72/002		John Morrison	Schedule U: Trigger levels for river and stream mouth cutting	Amend	Clarify what is proposed to control the Waimeha Stream at Waikanae. Identify triggers for intervention which protect against excessive dune destruction. Require intervention within a faster time frame than at present.	Reject	Issue 4
	/						
S73/001		Conrad John Toussaint Edwards	Rule R199: Motor vehicles in the fossil forest at Titahi Bay - prohibited activity	Amend	Amend the provisions to make it clear that cars are allowed to drive on Titahi Bay beach except where they could damage the fossil forest, which is where it is exposed at that time.[See original submission for further details]. Do not redefine the area of the fossil forest in different words in Schedule J, or any of the rules. Rather cross reference Map 35, by adding "as shown in Map 35" or similar. Make clear that car access to Titahi Bay beach is permitted to launch and retrieve boats, and for boatshed owners to access their sheds.	Reject	Issue 1
	/						
S73/002		Conrad John Toussaint Edwards	Rule R190:	Amend	[See submission point S73/001].	Reject	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
			Launching, retrieving or temporary mooring of vessels - permitted activity				
	/						
S73/003		Conrad John Toussaint Edwards	Rule R191: Disturbance associated with beach grooming - permitted activity	Amend	[See submission point S73/001].	Reject	Issue 1
	/						
S73/004		Conrad John Toussaint Edwards	Rule R196: Motor vehicles - permitted activity	Amend	[See submission point S73/001].	Reject	Issue 1
	/						
S73/005		Conrad John Toussaint Edwards	Rule R198: Motor vehicles inside sites of significance - non complying activity	Amend	[See submission point S73/001].	Reject	Issue 1
	/						
S73/006		Conrad John Toussaint Edwards	Schedule J: Significant geological features in the coastal marine area	Amend	[See submission point S73/001].	Reject	Issue 1
	/						
S73/007		Conrad John Toussaint Edwards	Map 35: Titahi Bay fossil forest (indicative)	Amend	Make it absolutely clear what Map 35 will portray when it is no longer indicative. This should be known areas of fossil forest, i.e. areas of the beach where fossil remnants have been observed. This is NOT the whole foreshore as the crude indicative version implies.	Reject	Issue 4
	/						
S73/008		Conrad John Toussaint Edwards	Policy P149:	Amend	[Make wording of references to the fossil forest area consistent.	Reject	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
			Protection of the Titahi Bay fossil forest		See submission point S73/001].		
	/						
S75/049		Minister of Conservation	Objective O58: Noise and underwater noise	Support	Retain as notified	Accept	Issue 4
	/						
S75/110		Minister of Conservation	Policy P143: Deposition in a site of significance	Amend	Retain policy but ensure that Policy 11 NZCPS is given effect to in policies.	Accept in part	Issue 3
	FS74/198	Rangitāne o Wairarapa Inc		Support	Allow		
	FS41/023	Coastal Ratepayers United Incorporated		Oppose	Disallow		
S75/111		Minister of Conservation	Policy P144: Dumping in a site with significant values	Amend	Retain policy but ensure that Policy 11 NZCPS is given effect to in policies.	Accept in part	Issue 3

	/						
S75/184		Minister of Conservation	Rule R216: Destruction - non-complying activity	Amend	Clarify relationship for destruction between these sets of rules.	Reject	Issue 2
	FS69/081	Wellington International Airport Limited		Support in part	Allow		
S75/185		Minister of Conservation	Rule R217: Planting - permitted activity	Amend	Restrict planting to native plant species and to specified ecological enhancement and hazard mitigation objectives	Reject	Issue 4
	/						
S79/001		Castlepoint Ratepayers and Residents Association Incorporated	Policy P148: Motor vehicles in sites with significant value	Oppose	Amend P148 to allow recreational access onto the beach for vehicles, namely, Mataikona Beach, South of Suicide Rock Beach, Okau Beach [Sandy Bay] and adjacent sandy beaches, North, Whakataki Beach, and Castlepoint Beaches not covered	Reject	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
					[front beach] by the Masterton District Council By-law.		
	/						
S81/007		New Zealand Defence Force	2.1.6 Definitions, schedules and maps	Amend	Include the following [new] definition of Temporary Military Training Activities: "Temporary Military Training Activity means a temporary military activity undertaken for defence purposes. The term 'defence purposes' is as per the Defence Act 1990."	Reject	Issue 4
	/						
S81/008		New Zealand Defence Force	Rule R185: General surface water and foreshore activities - permitted activity	Amend	Include the following definition of Temporary Military Training Activities:"Temporary Military Training Activity means a temporary military activity undertaken for defence purposes. The term 'defence purposes' is as per the Defence Act 1990."	Reject	Issue 1
	/						
S84/011		Hutt City Council	Rule R196: Motor vehicles - permitted activity	Amend	Amend the activity status for disturbance in the coastal marine area to Discretionary Activity, regardless of whether it is located in an identified site of significance for birds. An exception could be provided to identified sites of significance to birds of outstanding value or for areas of high natural or rural character.	Reject	Issue 1
	/						
S84/012		Hutt City Council	Policy P148: Motor vehicles in sites with significant value	Amend	Amend the policy framework for disturbance in significant sites in the coastal marine area to require the management of specific effects, rather than simply demanding the avoidance of particular activities.	Reject	Issue 1
	/						
S84/022		Hutt City Council	Policy P148: Motor vehicles in sites with significant value	Oppose	Reconsider the use of the term 'avoid' and ensure that it does not unnecessarily and inappropriately constrain activities that result in effects that are significant and/or provide essential services for the health and safety of the community and protection of the environment. Provide a policy framework that provides a pathway for new infrastructure reasonably needed to support existing or planned future development to gain	Reject	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
					resource consent. This would allow for resource consent for these activities to be granted in appropriate circumstances.		
	/						
S84/027		Hutt City Council	Rule R198: Motor vehicles inside sites of significance - non complying activity	Oppose	Amend Rule R198 and change the activity status from a non-complying activity to a discretionary activity.	Reject	Issue 1
	/						
S84/028		Hutt City Council	Rule R195: Disturbance or damage inside sites of significance - non complying activity	Oppose	Amend Rule R195 and change the activity status from a non-complying activity to a discretionary activity.	Reject	Issue 1
	/						
S84/029		Hutt City Council	Rule R205: Destruction, damage or disturbance inside sites of significance - non-complying activity	Oppose	Amend Rule R205 and change the activity status from a non-complying activity to a discretionary activity.	Reject	Issue 2
	/						
S84/030		Hutt City Council	Rule R215: Reclamation and drainage - non-complying activity	Oppose	Amend Rule R215 and change the activity status from a non-complying activity to a discretionary activity.	Reject	Issue 3
	FS49/168	CentrePort Properties Limited		Support	Allow		
S85/061		Roading, Parks and Gardens and Solid Waste departments of Hutt City Council and Upper Hutt City Council	5.7.2 Coastal management general conditions	Amend	Review the requirements for sediment discharges to ensure that these parameters are not exceeded by natural processes.	Reject	Issue 4
	/						
S85/063		Roading, Parks and Gardens and Solid Waste departments of Hutt City Council and Upper Hutt City Council	Rule R197: Motor vehicles for certain purposes -	Support in part	Amend Rule R197 to provide for 'works for the protection' of regionally significant infrastructure; AND Amend the definition of 'regionally significant infrastructure' to	Reject	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
			permitted activity		include roads.		
	FS25/054	Wellington Water Limited		Support	Allow		
S85/066		Roading, Parks and Gardens and Solid Waste departments of Hutt City Council and Upper Hutt City Council	Policy P145: Reclamation, drainage and destruction	Oppose in part	Remove the word 'avoid' or alter the wording so the requirements of the policy are less absolute and will provide for reclamation for other appropriate purposes.	Reject	Issue 3
	FS49/140	CentrePort Properties Limited		Support	Allow		
S85/067		Roading, Parks and Gardens and Solid Waste departments of Hutt City Council and Upper Hutt City Council	Rule R214: Reclamation and drainage for regionally significant infrastructure outside of sites of significance - discretionary activity	Amend	Amend the plan to broaden the circumstances where reclamation is appropriate to include reasons other than regionally significant infrastructure.	Reject	Issue 3
	FS49/167	CentrePort Properties Limited		Support	Allow		
S85/068		Roading, Parks and Gardens and Solid Waste departments of Hutt City Council and Upper Hutt City Council	Rule R215: Reclamation and drainage - non-complying activity	Amend	Amend the plan to broaden the circumstances where reclamation is appropriate to include reasons other than regionally significant infrastructure.	Reject	Issue 3
	FS49/169	CentrePort Properties Limited		Support	Allow		
S85/069		Roading, Parks and Gardens and Solid Waste departments of Hutt City Council and Upper Hutt City Council	Rule R204: Destruction, damage or disturbance outside sites of significance - discretionary activity	Amend	Clarify that coastal protection structures such as revetments are excluded from the rules on the 'destruction' of the foreshore or seabed.	Reject	Issue 2
	/						
S85/070		Roading, Parks and Gardens and Solid Waste departments of Hutt City Council and Upper Hutt City Council	Rule R205: Destruction, damage or disturbance inside	Amend	Clarify that coastal protection structures such as revetments are excluded from the rules on the 'destruction' of the foreshore or seabed.	Reject	Issue 2

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
			sites of significance - non-complying activity				
	/						
S88/023		Trelissick Park Group	Method M22: Integrated management of the coast	Amend	The northern beach of the reclamation needs improved public access.	Reject	Issue 4
	/						
S92/005		Linda Katherine Dale and Melis Leonard van de Werken	Rule R198: Motor vehicles inside sites of significance - non complying activity	Amend	We seek to amend Rule 198 of the Proposed NRP to be a discretionary activity for the Golden Gate Peninsula including Browns Bay and Ivey Bay. That is, retain the existing provisions for this area.	Reject	Issue 1
	/						
S92/006		Linda Katherine Dale and Melis Leonard van de Werken	Rule R197: Motor vehicles for certain purposes - permitted activity	Amend	Remove the words "regionally significant" OR An additional provision be made under rule 197 to ensure that motor vehicles are permitted in the coastal area for the maintenance and operation of existing infrastructure.	Reject	Issue 1
	/						
S93/020		Coastal Ratepayers United Incorporated	Beach recontouring (coastal marine area)	Amend	Clarify that river and stream cutting is not included in "Beach recontouring (beds of rivers)" and "Beach recontouring (coastal marine area)". Reconsider the differences in the wording and make them consistent. Reconsider the use of the terms "river beach" and "beach" in the "beach contouring (beds of rivers)" definition and consider also including a reference to "bed".	Reject	Issue 1
	/						
S93/065		Coastal Ratepayers United Incorporated	Policy P143: Deposition in a site of significance	Oppose in part	Clarify what is meant by "shingle". Delete "and in respect of (a) to (f): (g) there are no practicable alternative methods of providing for the activity". Reconsider (b) and (d) and include reference to coastal hazard mitigation (including protection), using terminology consistent with that developed for the PNRP.	Reject	Issue 3

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
	/						
S93/066		Coastal Ratepayers United Incorporated	Policy P145: Reclamation, drainage and destruction	Oppose in part	Revise the policy so that appropriate coastal hazard mitigation activities are enabled (using appropriate language that is consistent with that used in the PNRP). Include definitions of "destruction", "disturbance", and "damage" so that the differences in meaning of the terms is clear	Reject	Issue 3
	FS61/041	Minister of Conservation		Oppose in part	Disallow		
S93/077		Coastal Ratepayers United Incorporated	5.7.2 Coastal management general conditions	Amend	[See decision requested for submission point S93/070]. In the rules that permit discharge of contaminants, remove the confusing interaction between the coastal management general conditions and the rules that refer to them, preferably by indicating that general condition (e) does not apply.	Reject	Issue 1
	/						
S93/083		Coastal Ratepayers United Incorporated	Rule R192: Beach recontouring for coastal restoration purposes - controlled activity	Amend	[See decision requested for submission point S93/070]. Reconsider why Rule R119 is a permitted activity but Rule R192 is a controlled activity and make them both either one way or the other. Consider whether reference to diverting water should be included in all of these rules as moving material for the beach grooming could arguably result in diversion of water when the water reaches that area.	Accept	Issue 1
	/						
S93/084		Coastal Ratepayers United Incorporated	Rule R193: River and stream mouth cutting - permitted activity	Amend	Change the references from "river and stream" to "river (including stream)" here and anywhere else such terminology occurs in the PNRP. Change the reference in (c) from "open coastal water" to "water" and anywhere else inappropriate "open coastal water" terminology appears in the PNRP. Remove the duplicated reference to "discharge of contaminants" and make the list consistent with equivalent lists	Accept in part	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
					in all other rules. Create a new rule that is the equivalent of Rule 193 but that deals with river and stream mouth cutting in the beds of rivers (including streams) or otherwise ensure that appropriate provision is made for such activities in beds of rivers (including streams).		
	/						
S93/085		Coastal Ratepayers United Incorporated	Rule R194: Disturbance or damage - discretionary activity	Amend	Reconsider the relationship between [R194 and R195] and all of the other rules, including their reference to "damage" that is missing from most of the other rules. Revise these and all other rules to address the concerns expressed throughout this submission. Ensure that any coastal hazard mitigation (including protection) activities, including soft and hard engineering activities, are no worse than discretionary activities.	Reject	Issue 1
	/						
S93/086		Coastal Ratepayers United Incorporated	Rule R196: Motor vehicles - permitted activity	Oppose in part	Exclude from this rule the areas in districts where motor vehicles are not permitted (and areas seaward of those areas). A suggestion is to create a new map, identify all of these areas and exclude these areas from Rule R196 and, with appropriate exceptions, make such an activity a discretionary activity.	Reject	Issue 1
	/						
S93/087		Coastal Ratepayers United Incorporated	Rule R197: Motor vehicles for certain purposes - permitted activity	Amend	Change "local authority activities" here and anywhere else that term (or any similar term) is used in the PNRP to activities carried out "by or on behalf of local authorities" or similar wording to convey the message that the provision covers not only work done by local authorities and but also work done by others (e.g., contractors) on behalf of local authorities for a range of purposes. Include coastal hazard mitigation (including protection) activities (using appropriate terminology) as one of the purposes so that motor vehicles for that purpose are permitted activities.	Reject	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
	/						
S93/088		Coastal Ratepayers United Incorporated	Rule R200: Dredging for flood protection purposes or erosion mitigation - controlled activity	Amend	Please see the decisions sought elsewhere in this submission.	Reject	Issue 2
	/						
S93/089		Coastal Ratepayers United Incorporated	Rule R201: Dredging for flood protection purposes or erosion mitigation inside sites of significance - discretionary activity	Amend	Please see the decisions sought elsewhere in this submission.	Reject	Issue 2
	/						
S93/090		Coastal Ratepayers United Incorporated	Rule R204: Destruction, damage or disturbance outside sites of significance - discretionary activity	Amend	Set out what destruction, damage or disturbance refers to. Address and remedy how these rules relate to other rules that do not refer to destruction or damage. Clarify the meaning of "damage" and "destruction" and how those terms differ from, and relate to, "disturbance". Make Rule R205 a discretionary activity or otherwise address the concerns expressed throughout this submission.	Reject	Issue 2
	/						
S93/091		Coastal Ratepayers United Incorporated	Rule R205: Destruction, damage or disturbance inside sites of significance - non-complying activity	Amend	Set out what destruction, damage or disturbance refers to. Address and remedy how these rules relate to other rules that do not refer to destruction or damage. Clarify the meaning of "damage" and "destruction" and how those terms differ from, and relate to, "disturbance". Make Rule R205 a discretionary activity or otherwise address the concerns expressed throughout this submission.	Reject	Issue 2
	/						

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
S93/092		Coastal Ratepayers United Incorporated	Rule R207: Deposition for beach renourishment - controlled activity	Support in part	Add diversion of water to this rule and to all other relevant rules as deposition may divert water when the water reaches that area. Change (d) "by, or for, a local authority" to "by, or on behalf of, a local authority" and use that terminology consistently throughout the PNRP when reference is made to things being done by a local authority or local authority activities so it is clear that the work can be done by others who are not part of the local authority.	Reject	Issue 3
	/						
S93/093		Coastal Ratepayers United Incorporated	Rule R208: Deposition outside sites of significance - discretionary activity	Amend	Clarify if the structures or seawalls rules cover the deposition of material to protect those structures or whether rules R208 and R209 apply. Add reference to associated diversion of water. Add reference to occupation of space in the coastal marine area for whatever rules do apply to the material used to protect any structures or seawalls or other materials deposited for coastal hazard mitigation (including protection) activities.	Reject	Issue 3
	/						
S93/094		Coastal Ratepayers United Incorporated	Rule R209: Deposition inside sites of significance - non-complying activity	Amend	Clarify if the structures or seawalls rules cover the deposition of material to protect those structures or whether rules R208 and R209 apply. Add reference to associated diversion of water. Add reference to occupation of space in the coastal marine area for whatever rules do apply to the material used to protect any structures or seawalls or other materials deposited for coastal hazard mitigation (including protection) activities.	Reject	Issue 3
	/						
S93/096		Coastal Ratepayers United Incorporated	6.10 Coast	Amend	Include a method outlining GWRC's intention to take the lead role in the coordination of a partnership programme between Department of Conservation, city and district councils and their communities to proactively manage the beach and dune reserve environments and restore the form and function of the dune systems in the Wellington region	Reject	Issue 4
	/

	/						
S175/068		Joan Allin and Rob Crozier	Rule R193: River and stream mouth cutting - permitted activity	Amend	Change the references from "river and stream" to "river (including stream)" here and anywhere else such terminology occurs in the PNRP. Change the reference in (c) from "open coastal water" to "water" and anywhere else inappropriate "open coastal water" terminology appears in the PNRP. Check the list of associated activities, remove the duplicated reference to "discharge of contaminants", consider whether in this rule and in all other rules the location of the discharge of contaminants should be specified rather than being silent, and make the list complete and consistent with equivalent lists in all other rules. Create a new rule that is the equivalent of Rule 193 but that deals with river and stream mouth cutting in the beds of rivers (including streams) or otherwise ensure that appropriate provision is made for such activities in beds of rivers (including streams).	Accept in part	Issue 1
	/						
S175/069		Joan Allin and Rob Crozier	Rule R194:	Amend	Reconsider the relationship between these general rules [R194	Reject	Issue 1

Submission point	Further submission point*	Submitter	Provision	Support Oppose	Decision requested	Officer recommendation	Officer comment
			Disturbance or damage - discretionary activity		and R195] and all of the other rules, including the reference to "damage" that is missing from most of the other rules. Revise these and all other rules to address the concerns expressed throughout this submission. Consider whether diversion of water should be added. Ensure that any coastal hazard mitigation (including protection) activities, including soft and hard engineering activities, are no worse than discretionary activities.		
	/						
S175/070		Joan Allin and Rob Crozier	Rule R196: Motor vehicles - permitted activity	Oppose in part	Exclude from this rule the areas in districts where motor vehicles are not permitted (and areas seaward of those areas), including the area seaward of the houses on Rodney Avenue, Te Horo Beach. A suggestion is to create a new schedule and map, identify all of these areas, and exclude these areas from Rule R196 and, with appropriate exceptions, make such an activity a discretionary activity.	Reject	Issue 1
	/						
S175/071		Joan Allin and Rob Crozier	Rule R197: Motor vehicles for certain purposes - permitted activity	Amend	Change "local authority activities" here and anywhere else that term (or any similar term) is used in the PNRP to activities carried out "by, or on behalf of, a local authority" or similar wording. Include coastal hazard mitigation (including protection) activities (using appropriate terminology) as one of the purposes.	Reject	Issue 1
	/

					concerns expressed throughout this submission. New definitions for terms [see submission point S175/005].		
	/						
S175/074		Joan Allin and Rob Crozier	Rule R207: Deposition for beach renourishment - controlled activity	Support in part	Add diversion of water to this rule and to all other relevant rules as deposition may divert water when the water reaches that area. Change (d) "by, or for, a local authority" to "by, or on behalf of, a local authority" and use that terminology consistently throughout the PNRP. See the decisions sought in the rest of submission [S175].	Reject	Issue 3
	/						
S175/075		Joan Allin and Rob Crozier	Rule R209: Deposition inside sites of significance - non-complying activity	Amend	Revise the rule and related rules (or create new rules) to address the concerns expressed here and throughout this submission. Clarify if the structures or seawalls rules cover the deposition of material to protect those structures (where the material is not fixed to the land) or whether these rules apply. Add reference to associated diversion of water. Add reference to occupation of space in the coastal marine area for whatever rules do apply to the material used to protect any structures or seawalls or other materials deposited for coastal hazard mitigation (including protection) activities. In terms of categorisation of the activities, a suggestion is that deposition outside sites of significance should be a permitted, controlled or restricted discretionary activity with deposition inside sites of significance being a discretionary activity.	Reject	Issue 3
