

## Appendix A - Activities in the CMA – section 32AA assessment

Where the officer has recommended amendments, these are set out below. Additions to the notified text are in underline and deletions are ~~strike-through~~ text. The section 32AA assessment follows alongside for each of the provisions where amendments have been recommended by the officer. If the officer does not recommend any changes, the provision appears in grey.

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
	2 Interpretation	Active beach (coastal marine area)	The area from the crest of either the foredune or, top of a storm berm or, an erosion scarp or, from the toe of a cliff or, an artificial embankment or, a seawall/revetment, out to the limit of wave breaking. It includes the dry backshore, the intermittently wet and dry foreshore and the subtidal nearshore seabed below mean low water springs. The <b>active beach</b> experiences change on a daily, weekly, monthly and inter-annual basis as a result of coastal processes including tides, nearshore currents, wave breaking and run up, sediment transport by wind, waves, fluvial and nearshore currents, erosion and accretion, and biological activity.	N/A
	2 Interpretation	Beach recontouring (coastal marine area)	The redistribution (using hand and/or mechanical methods) of in-situ, natural beach sediments in order to reshape the beach profile for hazards management, beach or dune <b>restoration</b> and may involve the reshaping of an erosion scarp to reduce its gradient.	N/A
	2 Interpretation	Coastal restoration plan	A programme designed to return or restore a coastal environment into as natural a state as possible, with the aim of allowing the coastal environment and/or <b>active beach</b> to function as	N/A

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			a natural system, operating by natural coastal processes with minimal interference from human activities. Can involve all or some of the following activities, removal of exotic flora and fauna, removal of hard structures, rock, rubble or other introduced materials, beach re-nourishment (sand or gravel), dune or <b>beach recontouring</b> , re-introduction or enhancement of native plant species.	
	2 Interpretation	Disposal	The abandonment of waste or other matter into the coastal marine area, including but not limited to: (a) dredge material, and (b) sewage <b>sludge</b> , and (c) fish processing waste from an onshore facility, and (d) ships and platforms or other man-made structures at sea, and (e) inert, inorganic geological material, and (f) organic materials of natural origins, and (g) bulky items consisting mainly of iron, steel and concrete.	<b>N/A</b>
	2 Interpretation	Harbour and pilotage limit	The area shown on Map 49.	<b>N/A</b>
S126/004	2 Interpretation	Motor vehicle	<b>Motor vehicle</b>  A man-made device for land transport, including, but not limited to cars, trucks, heavy machinery, motorbikes and bicycles.	<b>Effectiveness and efficiency</b>  The proposed definition for “ <i>motor vehicle</i> ” excludes vehicles which exceed 3500kg in weight. For example, Rule R197 provides for disturbance to the CMA from motor vehicle access for “ <i>certain purposes</i> ”, such as “ <i>the maintenance, upgrade and operation of RSI</i> ”. However, given a high proportion of the “ <i>motor vehicles</i> ” required for this purpose would exceed this limit, in my view; this weight restricts the rule from

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p><del>weighing up to 3,500kg</del> and does not include prams, strollers, wheelchairs or other mobility scooters used by persons.</p>	<p>providing its intended outcome, which as I understand, is to provide for the disturbance to the CMA from motor vehicles for “<i>certain purposes</i>”. The recommended amendment will ensure that vehicles which exceed 3500kg in weight will now be considered a motor vehicle under the relevant rules for motor vehicles (Rules R196 – R199 in the proposed Plan).</p> <p>This amendment will improve the efficiency and effectiveness of the proposed Plan, in my view, as it will allow motor vehicles to undertake activities in which the relevant rules had anticipated to provide for.</p> <p><b>Benefits: (environmental, cultural, economic and social)</b></p> <p>This recommended amendment will provide economic benefits to plan users who will now not be required to apply for require resource consent for disturbance to the CMA from vehicle access which is not permitted under the proposed Plan (Rules R196 and R197) due to weight.</p> <p><b>Costs</b></p> <p>There are no additional costs associated with this recommendation.</p> <p><b>The risk of not acting is that there will be</b></p> <p>If this amendment is not made to the definition of motor vehicle, resource consent will be required for disturbance to the CMA under Rule’s R204 and R205 rather than the rules for motor vehicles, in scenarios where the vehicle exceeds 3500kg. This will put significant cost and time delays on activities for those which would otherwise be permitted under Rule R196 or R197.</p> <p><b>Decision about most appropriate option</b></p> <p>This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
	2 Interpretation	Noise sensitive activities	Any residential activity, any early childhood education centre, or any hotel, motel or other accommodation activity.	<b>N/A</b>
	2 Interpretation	Port Noise Control Line	The line at or beyond which the rule controlling the emission of noise from <b>port related</b>	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p><b>activities</b> applies and where the noise from <b>port related activities</b> is monitored.</p>	
	2 Interpretation	Port related activities	<p>Activities within the <b>Commercial Port Area</b>, the <b>Lambton Harbour Area</b> and on the adjacent land within the district including, but not limited to, the berthing, departure and movement of ships, storage and cargo handling, handling of goods and passengers, all activities associated with the movement, storage and handling of cargo and any activities (including construction, maintenance and repair) associated with buildings, machinery and equipment used in connection with the port or its administration. Activities not directly connected to the operation of the port such as office activities, retail activities, and other non-port uses within the <b>Commercial Port Area</b> and the <b>Lambton Harbour Area</b> are excluded.</p>	N/A
	3 Objectives	Objective O58: Noise and underwater noise	<p>Objective O58: Noise, including underwater noise, from activities in the coastal marine area is managed to maintain the health and well-being of marine fauna, and the health and amenity value of users of the coastal marine area.</p>	N/A
	4 Policies	Policy P143: Deposition in a site of significance	<p>Policy P143: Deposition in a site of significance  Deposition of sand, shingle or shell in a site identified in Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) and Schedule J (geological features) shall be avoided except where:  (a) the activity is for the specific purpose of</p>	N/A

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>providing protection for the values identified in Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) and Schedule J (geological features), or</p> <p>(b) it involves renourishment for the purpose of managing coastal erosion, or</p> <p>(c) it provides for public amenity, or</p> <p>(d) the activity is carried out for the purposes of flood protection and/or erosion mitigation, or</p> <p>(e) the activity is carried out by or for local authorities, or</p> <p>(f) it is necessary to enable the efficient development, operation, maintenance and <b>upgrade of regionally significant infrastructure</b>,</p> <p>and in respect of (a) to (f):</p> <p>(g) there are no practicable alternative methods of providing for the activity.</p>	
	4 Policies	Policy P144: Dumping in a site with significant values	<p>Policy P144: Dumping in a site with significant values</p> <p>Dumping in a site identified in Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) and Schedule J (geological features) shall be avoided except where:</p> <p>(a) it is necessary to enable the development, operation, maintenance and <b>upgrade of regionally significant infrastructure</b>, and</p>	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			(b) there are no practicable alternative methods of providing for the activity.	
	4 Policies	Policy P145: Reclamation, drainage and destruction	<p>Policy P145: Reclamation, drainage and destruction</p> <p><b>Reclamation</b>, drainage or destruction in the coastal marine area shall be avoided except where:</p> <p>(a) the <b>reclamation</b>, drainage or destruction is associated with the development, operation, maintenance and <b>upgrade of regionally significant infrastructure</b>, and</p> <p>(b) there are no other locations outside the coastal marine area for the activity associated with the <b>reclamation</b>, drainage or destruction, and</p> <p>(c) there are no practicable alternative methods of providing for the associated activity.</p>	<b>N/A</b>
	4 Policies	Policy P146: Introduction of pest plants	<p>Policy P146: Introduction of pest plants</p> <p>The introduction of plants listed in the National Pest Plant Accord into the coastal marine area shall be avoided.</p>	<b>N/A</b>
	4 Policies	Policy P147: Motor vehicles on the foreshore	<p>Policy P147: Motor vehicles on the foreshore</p> <p>District and city councils may restrict the use of <b>motor vehicles</b> on the foreshore, with the exception of vehicles associated with:</p>	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>(a) surf lifesaving operations, or</p> <p>(b) emergency situations, including (but not restricted to) firefighting, oil spills, rescue operations, salvage of vessels and marine mammal strandings, or</p> <p>(c) local authority activities, or</p> <p>(d) the development, operation, maintenance and <b>upgrade of regionally significant infrastructure.</b></p>	
	4 Policies	Policy P148: Motor vehicles in sites with significant value	<p>Policy P148: Motor vehicles in sites with significant value</p> <p>The use of <b>motor vehicles</b> on the foreshore in a site identified in Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F2c (birds-coastal), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) shall be avoided, except when required for surf lifesaving, emergency, law enforcement, local authority or <b>regionally significant infrastructure</b> purposes.</p>	N/A
	4 Policies	Policy P149: Protection of the Tītahi Bay fossil forest	<p>Policy P149: Protection of the Tītahi Bay fossil forest</p> <p>The use of <b>motor vehicles</b> at Tītahi Bay in areas containing remnants of fossil forest shown on Map 35 shall be avoided, except when required for surf lifesaving, emergency, law enforcement, local</p>	N/A

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			authority or <b>regionally significant infrastructure</b> purposes.	
	4 Policies	Policy P150: Noise and lighting	Policy P150: Noise and lighting Noise in the coastal marine area shall be managed by applying the general conditions as set out in section 5.7.2 of the Plan or by adopting the best practicable option to ensure that the emission of noise does not exceed a reasonable level. Exterior lighting on structures shall avoid being directed at <b>sensitive activities</b> , streets, roads and navigation tracks and shall minimise effects on other users and wildlife, unless it is for operational health and safety reasons.	<b>N/A</b>
	4 Policies	Policy P151: Underwater noise	Policy P151: Underwater noise Use and development in the coastal marine area shall be managed to minimise the adverse effects of underwater noise on the health and well-being of marine fauna and the health and amenity values of users of the coastal marine area.	<b>N/A</b>
S32/041	5 Rules	5.7.2 Coastal management	<b>5.7.2 Coastal management general conditions</b>  <i>Inanga spawning</i>	<b>Effectiveness and efficiency:</b> Providing the appropriate inanga spawning times in coastal management general condition (l) will, in my view, more appropriately give effect to Objectives O25 and O26 of the proposed Plan, thus improving the efficiency and effectiveness.  <b>Benefits: (environmental, cultural, economic and social)</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>(l) In any part of the coastal marine area (including any part of a river in the coastal marine area) identified as inanga spawning habitat in Schedule F1b (inanga spawning habitat), no disturbance of or deposition in, on or under the foreshore or seabed shall occur and no diversion of open coastal water or sediment discharge shall occur between 1 <del>March</del><u>January</u> and 31 May, and</p>	<p>This recommended amendment will improve habitat values for inanga and therefore provide environmental benefits. Further, given inanga is an important food source for local iwi, this recommended amendment will also provide for cultural benefits.</p> <p><b>Costs:</b> There are no additional costs associated with this recommended amendment.</p> <p><b>Risk of acting or not acting:</b> If coastal management general condition (l) is not amended then, in my view, inanga spawning will not be appropriately provided for and therefore will not give effect to the relevant objectives of the Plan</p> <p><b>Decision about most appropriate option:</b> This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
	5 Rules	5.7.11 Surface water and foreshore activities		
	5 Rules	Rule R185: General surface water and foreshore activities - permitted activity	<p>Rule R185: General surface water and foreshore activities – permitted activity</p> <p>General surface water and foreshore activities and the associated use in the coastal marine area, including any associated:</p> <p>(a) occupation of space in the <b>common marine and coastal area</b>, and</p> <p>(b) disturbance of the foreshore or seabed, and</p> <p>(c) deposition in, on or under the foreshore or seabed, and</p> <p>(d) discharge of contaminants</p> <p>is a permitted activity, provided the following conditions are met:</p>	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>(e) the activity is not inside the <b>Lambton Harbour Area</b> (including Northern Zone) shown on Map 32, and</p> <p>(f) if the activity includes occupation of space in the <b>common marine and coastal area</b> that excludes public access or navigation of ships:</p> <p>(i) the area of occupation shall be less than 1ha, and</p> <p>(ii) the activity shall comply with the Wellington Regional Council Navigation and Safety Bylaws Wellington Region 2009, and</p> <p>(iii) the occupation shall not affect the <b>operational requirement</b> of emergency services including the coastguard, police and surf lifesaving, and</p> <p>(iv) written notice shall be given five working days before work commences to:</p> <ul style="list-style-type: none"> <li>a. the Wellington Regional Council Harbourmaster, and</li> <li>b. Maritime New Zealand, and</li> <li>c. the relevant territorial authority, and</li> </ul> <p>(v) the duration of the activity in a 12 month period must not exceed:</p> <ul style="list-style-type: none"> <li>a. for temporary military training activities, 30 days, and</li> </ul>	

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>b. for all other activities, seven days, and  (g) if the activity will exclude public access or navigation of ships in the  <b>common marine and coastal area</b> for more than 24 hours:  (i) the public shall be notified of the proposed activity and associated restrictions on use of the area, including via a public notice in local newspapers, at least 14 working days prior to the commencement of the activity, and  (ii) signs shall be placed at the location of the activity notifying the public of the event with dates, times, the activity proposed, any restrictions imposed on the use of the area and contact information of the organiser at least seven working days prior to the occupation commencing, and  (h) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.  Note  Permission may be required from the relevant city or district council.</p>	
	5 Rules	Rule R186: General surface water and foreshore activities -	Rule R186: General surface water and foreshore activities – restricted discretionary	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
		restricted discretionary	<p>General surface water and foreshore activities and the associated use in the coastal marine area, including any associated:</p> <ul style="list-style-type: none"> <li>(a) occupation of space in the <b>common marine and coastal area</b>, and</li> <li>(b) disturbance of the foreshore or seabed, and</li> <li>(c) deposition in, on or under the foreshore or seabed, and</li> <li>(d) discharge of contaminants</li> </ul> <p>that is not permitted by Rule R185 is a restricted discretionary activity,</p> <p>provided the following conditions are met:</p> <ul style="list-style-type: none"> <li>(e) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.</li> </ul> <p><i>Matters for discretion</i></p> <ol style="list-style-type: none"> <li>1. Effects on public access</li> <li>2. Effects on public open space and visual amenity</li> <li>3. Use of the structure</li> <li>4. Extent and exclusivity of the occupation of the <b>common marine and coastal area</b></li> <li>5. Navigation safety</li> <li>6. Lighting and noise</li> <li>7. Effects on a site or habitat identified in or using Schedule C (mana whenua), Schedule F4 (coastal sites), Schedule F5 (coastal habitats), Schedule J (geological features) or Schedule K</li> </ol>	

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>(surf breaks)</p> <p>8. Effects on the heritage values of structures identified in Schedule E1 (heritage structures), Schedule E2 (wharves and boatsheds) or Schedule E3 (navigational aids)</p>	
	5 Rules	Rule R187: General surface water and foreshore activities - discretionary activity	<p>Rule R187: General surface water and foreshore activities – discretionary activity</p> <p>General surface water and foreshore activities in and the associated use of the coastal marine area, including any associated:</p> <p>(a) occupation of space in the <b>common marine and coastal area</b>, and</p> <p>(b) disturbance of the foreshore or seabed, and</p> <p>(c) deposition in, on or under the foreshore or seabed, and</p> <p>(d) discharge of contaminants</p> <p>not permitted by Rule R185 or restricted discretionary under Rule R186 is a discretionary activity.</p>	<b>N/A</b>
	5 Rules	5.7.12 General disturbance activities		
	5 Rules	Rule R188: Minor disturbances - permitted activity	<p>Rule R188: Minor disturbances – permitted activity</p> <p>The disturbance of the foreshore or seabed including any removal of sand, shingle, shell or other natural material in the coastal marine area, including any</p>	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>associated:</p> <p>(a) occupation of space in the <b>common marine and coastal area</b>, and</p> <p>(b) deposition in, on or under the foreshore or seabed, and</p> <p>(c) discharge of contaminants</p> <p>is a permitted activity, provided the following conditions are met:</p> <p>(d) the activity shall not be inside a site or habitat identified in or using Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F2c (birds-coastal) or Schedule J (geological features), and</p> <p>(e) no more than 0.1m<sup>3</sup> of sand, shingle, shell or other natural material shall be taken by a person in a 12 month period, and</p> <p>(f) the removed natural material shall not be used for commercial gain, and</p> <p>(g) the area of excavation shall be smoothed over after the completion of the activity (e.g. no holes left on the foreshore), and</p> <p>(h) the extent of the foreshore or seabed disturbance is limited to that required to undertake the activity, and</p> <p>(i) no motorised excavation machinery shall be used to disturb or remove sand, shingle, shell or other natural material.</p>	

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>Note</p> <p>While the removal of natural materials from a marine reserve (unless authorised for research purposes) is prohibited under the Marine Reserves Act 1971, a memorandum of understanding between the Department of Conservation and the Wellington City Council enables the removal of natural material (beach grooming) within Taputeranga Marine Reserve with particular conditions.</p>	
	5 Rules	Rule R189: Clearance of stormwater pipes - permitted activity	<p>Rule R189: Clearance of stormwater pipes – permitted activity</p> <p>The disturbance of the foreshore or seabed from the clearance of a <b>stormwater</b> pipe in the coastal marine area, including any associated:</p> <p>(a) occupation of space in the <b>common marine and coastal area</b>, and</p> <p>(b) deposition in, on or under the foreshore or seabed, and</p> <p>(c) discharge of contaminants</p> <p>is a permitted activity, provided the following conditions are met:</p> <p>(d) the disturbance is undertaken by or for a local authority or a road controlling authority or is required for port maintenance, and</p> <p>(e) the extent of the foreshore or seabed</p>	N/A

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>disturbance is limited to that required to create a free-draining path from the <b>stormwater</b> outlet to the sea, and</p> <p>(f) the disturbance shall not prevent public access to or along the foreshore, and</p> <p>(g) all material excavated is retained within the <b>active beach</b> system except for visibly contaminated material. Any visibly contaminated material shall be removed from the beach system and disposed of appropriately, and</p> <p>(h) excavated material is not mounded, banded and/or deposited in a manner that creates ponding or the diversion of water on the foreshore or seabed, and</p> <p>(i) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.</p>	
S322/045	5 Rules	Rule R190: Launching, retrieving or temporary mooring of vessels - permitted activity	<p><b>Rule R<del>190</del>XX: Launching, retrieving or temporary mooring of vessels – permitted activity</b></p> <p>The disturbance of the foreshore or seabed from <u>a motor vehicle associated with</u> the launching, retrieval or temporary mooring of</p>	<p><b>Effectiveness and efficiency</b></p> <p>Given proposed Rule R190 does not explicitly refer to the definition of “<i>motor vehicle</i>”, the disturbance to the CMA from a motor vehicle associated with launching, retrieving or temporary mooring of vessels was not provided for in Rule R190 as proposed.</p> <p>The proposed amendment means that disturbance to the CMA from motor vehicle access associated with the launching, retrieving and temporary mooring of vessels is provided for under Rule R190, thus</p>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>a vessel in the coastal marine area is a permitted activity, provided the following conditions are met:</p> <p>(a) a boat ramp shall be used if available at the locality, and</p> <p>(b) the activity shall not be undertaken on any exposed Titahi Bay fossil forest shown on Map 35, and</p> <p>(c) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.</p> <p>Note</p> <p>Marine Reserves Regulations 1993 provide for anchoring and use of vessels in a marine reserve (section 5 and 6 respectively). Anchoring is only permitted on the condition that no damage occurs, or that damage is kept to a minimum practical level. The Marine Reserves Act 1971 (section 23) provides for anchoring anywhere within a marine reserve in times of stress or emergency.</p>	<p>improving the efficiency and effectiveness of the proposed approach.</p> <p><b>Benefits: (environmental, cultural, economic and social)</b> Resource consent will now not be required for the launching, retrieving or temporary mooring of vessels, where it is undertaken by a motor vehicle, in sites of significance, thus providing associated economic benefits.</p> <p><b>Costs</b> There are no additional costs associated with this recommended amendment.</p> <p><b>Risk of acting or not acting</b> If this amendment is not made to Rule R190, then disturbance to the CMA from a motor vehicle where it is associated with boat launching will require resource consent as a non-complying activity in sites of significance (Rule R198).</p> <p><b>Decision about most appropriate option</b> This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
S133/018, S69/008,	5 Rules	Rule R191: Disturbance	<b>Rule R191: Disturbance associated with</b>	<b>Effectiveness and efficiency</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
S286/051		associated with beach grooming - permitted activity	<p><b>beach grooming – permitted activity</b></p> <p>The disturbance of the foreshore or seabed for beach grooming including any removal of sand, shingle, shell or other natural material in the coastal marine area, including any associated:</p> <p>(a) deposition in, on or under the foreshore or seabed, and</p> <p>(b) discharge of contaminants on the following beaches: Ōtaki, Te Horo, Peka Peka, Waikanae, Paraparaumu, Raumati, Paekakariki, Tītahi Bay (excluding the area of fossil forest shown on Map 35), Karehana Bay, Plimmerton, Browns Bay, Bradley Point, Motukaraka Point, Mana Foreshore, Onehunga Bay, Dolly Varden Beach, Pukerua Bay, Lyall Bay, Island Bay, Princess Bay, Worsler Bay, Scorching Bay, Oriental Bay, Freyberg, Petone, Point Howard, Sorrento Bay, Days Bay, Rona Bay, Castlepoint, Riversdale is a permitted activity, provided the following conditions are met:</p> <p>(c) the beach grooming shall be carried out for the purpose of grooming and the removal of marine debris and litter, and</p> <p>(d) the activity shall be undertaken by or for a local authority, and</p> <p>(e) the activity shall not occur when shellfish beds are exposed, and</p> <p>(f) the activity shall not be within a site identified in Schedule C (mana whenua) or Schedule E4</p>	<p>The recommended amendment to proposed Rule R191 (for the disturbance to the foreshore and seabed from beach grooming) will ensure:</p> <ul style="list-style-type: none"> <li>- the coastal management general conditions must be achieved; and that</li> <li>- the activity cannot be within a site with significant indigenous biodiversity values in the coastal marine area (schedule F4).</li> </ul> <p>The recommendation to incorporate the coastal management general conditions into a new permitted activity condition (h) of Rule R191 will ensure that any potential disturbance effects to the CMA from beach grooming will be mitigated to a level provided for in the relevant objectives of the plan.</p> <p>The recommendation to not provide for beach grooming in a site with significant indigenous biodiversity values in the coastal marine area within permitted activity condition (f) of Rule R191 will give effect to Objective O35 of the proposed Plan, which states that ecosystems and habitats with significant biodiversity values shall be protected. Given beach grooming in Schedule F4 sites will now become a non-complying activity under Rule R195, in my view, this recommended amendment also gives effect to Policy P11 of the NZCPS, which directs adverse effects on sites with indigenous biodiversity values to be avoided.</p> <p>Providing for beach grooming on Island Bay beach whereby the purpose is for the removal of removal of beach cast seaweed and debris after a storm will provide consistency with what is already provided for under Regulation 7 in the Marine Reserve (Taputeranga) Order 2008, which endures. Providing consistency with other regulations, which (endure over the regulations of the proposed Plan) will, in my view, improve the efficiency and effectiveness of the proposed Plan.</p> <p>For these reasons, in my view, the recommended amendments will improve the efficiency and effectiveness of proposed Rule R191.</p>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>(archaeological sites) <u>or Schedule F4 (significant indigenous biodiversity values in the coastal marine area), except on Island Bay beach</u>, and</p> <p>(g) the activity shall not be within the Tītahi Bay fossil forest shown on Map 35- <u>and</u></p> <p><u>(h) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.</u></p> <p>Note</p> <p>While the removal of natural materials from a marine reserve (unless authorised for research purposes) is prohibited under the Marine Reserves Act 1971, <u>regulation 7 of the Marine Reserves (Taputeranga) Order 2008 a memorandum of understanding between the Department of Conservation and Wellington City Council enables a local authority to remove beach cast seaweed and debris after a storm beach grooming</u> within Taputeranga Marine Reserve with particular conditions.</p>	<p><b>Benefits: (environmental, cultural, economic and social)</b></p> <p>The recommended amendment will provide environmental benefits both for beach grooming:</p> <ul style="list-style-type: none"> <li>- Within sites with significant indigenous biodiversity values in the coastal marine area (schedule F4); and also</li> <li>- Outside scheduled sites which are now required to meet the general coastal management general conditions.</li> </ul> <p>Providing for some of the beach grooming purposes at Island Bay beach will, in my view, ensure that the management of the marine reserve can continue to be effectively managed and will therefore provide social benefits.</p> <p><b>Costs</b></p> <p>If these recommended amendments to proposed Rule R191 are incorporated into the decisions version of the plan, applicants will now be required to apply for consent as a non-complying activity to undertake beach grooming within sites scheduled for significant indigenous biodiversity values in the coastal marine area (Schedule F4).</p> <p>Further to that, the requirements to meet the coastal management general management conditions have the potential to incur additional costs, which were not required within proposed Rule R191.</p> <p><b>Risk of acting or not acting</b></p> <p>If these amendments are not incorporated into the decisions version of the Plan, Rule R191 will not give effect to Objective O35 of the proposed Plan, nor will it give effect to Policy 11 of the NZCPS.</p> <p><b>Decision about most appropriate option</b></p> <p>This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
	5 Rules	Rule R192: Beach recontouring for coastal	Rule R192: Beach recontouring for coastal restoration purposes –	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
		restoration purposes - controlled activity	<p>controlled activity</p> <p>The disturbance of the foreshore or seabed for <b>beach recontouring</b> in the coastal marine area, including any associated:</p> <p>(a) deposition in, on or under the foreshore or seabed, and</p> <p>(b) discharge of contaminants</p> <p>is a controlled activity, provided the following conditions are met:</p> <p>(c) the activity forms part of a <b>coastal restoration plan</b>, and</p> <p>(d) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.</p> <p><i>Matters of control</i></p> <ol style="list-style-type: none"> <li>1. Timing of the activity associated with coastal fauna</li> <li>2. Volume of material removed</li> <li>3. Effects of disturbance, deposition, discharge and diversion associated with the activity</li> <li>4. Effects on shoreline stability (including dunes and nearshore) and the potential to create a coastal inundation hazard</li> <li>5. Effects on the heritage values of structures and sites identified in Schedule E1 (heritage structures) or Schedule E4 (archaeological sites)</li> <li>6. Effects on sites and habitats identified in or</li> </ol>	

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>using Schedule C (mana whenua), Schedule F2c (birds-coastal), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) or Schedule J (geological features) and Schedule K (surf breaks)</p> <p><i>Notification</i></p> <p>In respect of Rule R192, applications are precluded from public notification (unless special circumstances exist).</p>	
S93/086, S175/068	5 Rules	Rule R193: River and stream mouth cutting - permitted activity	<p><b>Rule R193: River, <del>and stream</del> and lake mouth cutting – permitted activity</b></p> <p>The disturbance of the foreshore or seabed for river, <del>and stream</del> and lake mouth cutting in the coastal marine area, including any associated:</p> <p>(a) deposition in, on or under the foreshore or seabed, and</p> <p><del>(b) discharge of contaminants</del>, and</p> <p><del>(e)(b)</del> diversion of open coastal water, and</p> <p><del>(e)(c)</del> discharge of contaminants for the following rivers and lakes:</p> <p><del>(e)(d)</del> Waitohu Stream, Ōtaki River, Mangaone Stream, Waimeha Stream, Waikanae River, Hadfield Drain, Wharemauku Stream, Whareroa Stream, Wainui Stream, Waikakariki Stream, Makara Stream, Motuwaireka Stream, Castlepoint Stream, Whakataki River, Tikotu</p>	<p><b>Effectiveness and efficiency</b></p> <p>The recommended amendments to Rule R193 clarifies to plan users that Rule R193 provides for the disturbance to the foreshore and seabed from river, stream and lake mouth cutting, thus improving the efficiency and effectiveness of the proposed Rule R193.</p> <p><b>Benefits: (environmental, cultural, economic and social)</b></p> <p>This recommended amendment provides clarity to plan users that lake mouth cutting is also provided under Rule R193. This amendment will provide environmental benefits; as it will ensure plan users are aware that lake mouth cutting (in addition to river and stream mouth cutting) is also required to meet the permitted activity conditions set out in Rule R193.</p> <p><b>Costs</b></p> <p>There are no additional costs associated with this recommendation.</p> <p><b>Risk of acting or not acting</b></p> <p>If this recommended amendment is not provided within Rule R193, in my view, the appropriate level of clarity will not be provided in the decisions version of the plan, as to whether the Rule also provides for lake mouth cutting as a permitted activity, provided the permitted activity conditions can be achieved.</p> <p><b>Decision about most appropriate option</b></p> <p>This option is considered to be the most appropriate approach to achieve</p>

	5 Rules	5.7.13 Motor vehicles on the foreshore		
	5 Rules	Rule R196: Motor vehicles - permitted activity	Rule R196: Motor vehicles – permitted activity The disturbance of the foreshore from <b>motor vehicles</b> in the coastal marine area is a permitted activity, provided the following conditions are met:	<b>N/A</b>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>(a) the activity is not within the area of Tītahi Bay shown on Map 35, and</p> <p>(b) the activity is not within a site or habitat identified in Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F2c (birds-coastal), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) or Schedule J (geological features).</p> <p><i>Note</i> Permission may be required from the relevant city or district council.</p>	
S75/176	5 Rules	Rule R197: Motor vehicles for certain purposes - permitted activity	<p><b>Rule R197: Motor vehicles for certain purposes – permitted activity</b></p> <p>The disturbance of the foreshore or seabed from motor vehicles in the coastal marine area, for the following purposes:</p> <p>(a) surf lifesaving operations, or</p> <p>(b) emergency situations, including firefighting, oil spills, rescue operations, salvage of vessels and marine mammal strandings, or</p> <p>(c) local authority activities, including law enforcement, or</p>	<p><b>Effectiveness and efficiency</b></p> <p>Given the Department of Conservation work provides significant social, cultural and environmental benefits for the region, in my view, this amendment will therefore improve the efficiency and effectiveness of Rule R197.</p> <p><b>Benefits: (environmental, cultural, economic and social)</b></p> <p>The Department of Conservation provide services which deliver social, cultural and environmental benefits for the region and therefore this amendment will ensure those services can be provided in the CMA on a when required basis.</p> <p><b>Costs</b></p> <p>There are no additional costs associated with this recommendation.</p> <p><b>Risk of acting or not acting</b></p> <p>If this amendment is not incorporated into the proposed Plan the Department of Conservation will be required to apply for resource consent for motor vehicle access in the CMA when undertaking their activities which provides significant social, cultural and environmental benefits.</p> <p><b>Decision about most appropriate option</b></p>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p><a href="#">(d) activities carried out by or on behalf of the Department of Conservation; or</a></p> <p><del>(e)</del><a href="#">(e)</a> the maintenance, upgrade and operation of regionally significant infrastructure is a permitted activity, provided the following conditions are met:</p> <p><del>(e)</del><a href="#">(f)</a> the vehicle shall take the most direct route, and shall only operate within the area necessary to carry out the activity to ensure minimal disturbance to the foreshore or seabed, and</p> <p><del>(f)</del><a href="#">(g)</a> the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.</p>	<p>This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
S73/002 and S367/002	5 Rules	Rule R198: Motor vehicles inside sites of significance - non complying activity	<p><b>Rule R198: Motor vehicles inside sites of significance – non-complying activity</b></p> <p>The disturbance of the foreshore or seabed from motor vehicles inside a site or habitat identified in Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F2c (birds-coastal), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) or Schedule J</p>	<p><b>Effectiveness and efficiency</b></p> <p>This recommended amendment will help plan users clarify that resource consent is not required under Rule R198 whereby the disturbance to the CMA from motor vehicle access associated with the launching, retrieving or temporary mooring of vessels is permitted activity under Rule R190, thus improving the effectiveness and efficiency of the proposed Plan.</p> <p><b>Benefits:</b></p> <p>This recommended amendment will provide appropriate clarity to plan users that resource consent is not required under Rule R198, whereby the activity is permitted under Rule R190 (for disturbance to the CMA from motor vehicle whereby the purpose is for the launching, retrieving or</p>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>(geological features) in the coastal marine area, that is not permitted by <a href="#">Rule R190</a>, Rule R196 or Rule R197 or prohibited under Rule R199, is a non-complying activity.</p>	<p>temporary mooring of vessels).</p> <p><b>Costs</b> There are no additional costs associated with this recommendation.</p> <p><b>Risk of acting or not acting</b> If this amendment is not made within Rule R198, in my view, the appropriate level of clarity will not be provided to plan users that resource consent for motor vehicle access in sites of significance is not required under Rule R198, whereby it is permitted under Rule R190.</p> <p><b>Decision about most appropriate option</b> This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
Schedule 1, Section 16(2) of RMA	5 Rules	Rule R199: Motor vehicles in the fossil forest at Titahi Bay - prohibited activity	<p><b>Rule R199: Motor vehicles in the fossil forest at Titahi Bay – prohibited activity</b></p> <p>The disturbance of the foreshore or seabed from <b>motor vehicles</b> within the following areas at Titahi Bay in the coastal marine area:</p> <p>(a) part of the foreshore shown on Map 35 as containing remnants of fossilised forest, and</p> <p>(b) any part of the remaining foreshore where any fossil forest is exposed that is not permitted activity under Rule R189, Rule R190, Rule R192, Rule R196 or Rule R197 or non-complying under Rule R198, is a prohibited activity.</p> <p><u>Note</u></p> <p><u>Rule R190 provides for the disturbance of the</u></p>	<p><b>Effectiveness and efficiency</b></p> <p>The amendments will provide clarity for plan users to determine the origin of vessels in which Rule R199 intends to control, thus increasing the efficiency of the proposed Plan.</p> <p><b>Benefits: (environmental, cultural, economic and social)</b></p> <p>This additional level of clarity provided in Rule R199 ensures that for plan users (who only read Rule R199 in isolation) the launching vessels in Titahi Bay beach is a permitted activity under Rule R199, provided the permitted activity conditions can be achieved. Therefore, including this advice note within Rule R190 provides social and cultural benefits to the approach provided in the proposed Plan.</p> <p><b>Costs</b></p> <p>There are no additional costs associated with this recommendation.</p> <p><b>Risk of acting or not acting</b></p> <p>If this note is not incorporated into the decisions version of the plan there will not be the appropriate level of clarity for plan users that Rule R199 does not apply for disturbance to the foreshore and seabed from vehicle access associated with launching, retrieving or temporary mooring of vessels.</p> <p><b>Decision about most appropriate option</b></p>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p><u>foreshore or seabed (associated with the use of a motor vehicle) on Titahi Bay Beach to launch, retrieve or temporarily moor a vessel as a permitted activity provided (i) a boat ramp is used if available, (ii) the activity is not undertaken on any exposed Titahi Bay fossil forest shown on Map 35 (iii) and the activity complies with the coastal management general conditions in Section 5.7.2.</u></p>	<p>This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
	5 Rules	5.7.14 Dredging		
	5 Rules	Rule R200: Dredging for flood protection purposes or erosion mitigation - controlled activity	<p>Rule R200: Dredging for flood protection purposes or erosion mitigation – controlled activity</p> <p>Destruction, damage and disturbance associated with dredging of the foreshore or seabed for flood protection purposes or erosion mitigation in a river or stream mouth in the coastal marine area, including any associated:</p> <p>(a) deposition in, on or under the foreshore or seabed, and</p> <p>(b) discharge of contaminants, and</p> <p>(c) diversion of open coastal water</p> <p>is a controlled activity, provided the following conditions are met:</p> <p>(d) the activity shall be carried out by or for a local authority, and</p> <p>(e) the activity shall not occur in Te Awa Kairangi/Hutt River, and</p> <p>(f) the activity shall not occur inside a site or</p>	N/A

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>habitat identified in Schedule C (mana whenua), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) or Schedule J (geological features), and</p> <p>(g) for dredging in the Waikanae River, the Department of Conservation is notified, and</p> <p>(h) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2, excluding condition (b).</p> <p><i>Matters of control</i></p> <ol style="list-style-type: none"> <li>1. Effects on public access</li> <li>2. Method of dredging</li> <li>3. Frequency, volume and timing of disturbance and removal</li> <li>4. Quality, nature and composition of the material to be disturbed and removed including the potential presence of contaminants</li> <li>5. Effects on coastal <b>natural processes</b> including effects on shoreline stability in the vicinity and adjacent areas and the potential to create a coastal inundation hazard</li> <li>6. Effects on sites or habitats identified in Schedule F2c (bird-coastal), Schedule F2a (birds-rivers) or Schedule K (surf breaks)</li> </ol> <p><i>Notification</i></p>	

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>In respect of Rule R200, applications are precluded from public notification (unless special circumstances exist).</p> <p><i>Note</i></p> <p>Rule R200 controls the destruction, damage and disturbance of the foreshore or seabed. The dumping of dredged material is not included in this rule. For dumping of material in the coastal marine area refer to Rule R210, Rule R211 or Rule R212.</p>	
S353/165	5 Rules	Rule R201: Dredging for flood protection purposes or erosion mitigation inside sites of significance - discretionary activity	<p><b>Rule R201: Dredging for flood protection purposes or erosion mitigation inside sites of significance – discretionary non-complying activity</b></p> <p>Destruction, damage or disturbance associated with dredging for flood protection purposes or erosion mitigation inside a site or habitat identified in Schedule C (mana whenua), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) or Schedule J (geological features) in the coastal marine area, including any associated:</p> <p>(a) deposition in, on or under the foreshore or seabed, and</p> <p>(b) discharge of contaminants, and</p> <p>(c) diversion of open coastal water</p>	<p><b>Effectiveness and efficiency:</b></p> <p>The proposed approach in Rule R201, as discretionary activity, is to mitigate the effects of destruction, damage and disturbance from dredging for flood protection purposes on schedule sites. Therefore, the recommended amendment, to make Rule R201 a non-complying activity, will give effect to the relevant objectives of the plan (O31 – O37), which state that sites with significant values (scheduled sites) should be protected.</p> <p>This recommended amendment will also give effect to Policy 11(a) of the NZCPS which provides a clear direction that adverse effects of activities on indigenous biodiversity should be avoided.</p> <p>For these reasons the proposed amendment will improve the efficiency and effectiveness of proposed Rule R201.</p> <p><b>Benefits: (environmental, cultural, economic and social):</b></p> <p>The proposed amendment is incorporated into the decisions version of the plan it will ensure that the potential destruction, damage and disturbance effects associated with dredging for flood control purposes in sites of significance are avoided, as opposed to being mitigated (as currently managed in the proposed Plan).</p> <p><b>Costs</b></p>

Amendment no./Submission no.	Chapter	Provision	Text of provision with any recommended amendments	Evaluation of amendment (section 32AA assessment)
			<p>is a <u>discretionary non-complying</u> activity.</p> <p>Note</p> <p>Rule R201 controls the destruction, damage and disturbance of the foreshore or seabed. The dumping of dredged material is not included in this rule. For dumping of material in the coastal marine area refer to Rule R210, Rule R211 or Rule R212.</p>	<p>For a non-complying activity the decision maker is likely to require more information (often technical reporting) to be provided within the assessment of environmental effects than would be required as part of a discretionary activity. Therefore, for applicants applying for resource consent to undertake dredging for flood control purposes in scheduled sites, the cost is likely to be significantly higher than for a discretionary.</p> <p><b>Risk of acting or not acting</b></p> <p>If the activity status of Rule R201 is not amended to a non-complying activity, in my view, it will not give effect to Policy 11 of the NZCPS.</p> <p><b>Decision about most appropriate option</b></p> <p>This option is considered to be the most appropriate approach to achieve the relevant objectives of the Plan.</p>
	5 Rules	Rule R202: Maintenance dredging outside a Commercial Port Area or navigation protection areas - controlled activity	<p>Rule R202: Maintenance dredging outside a Commercial Port Area or navigation protection areas – controlled activity</p> <p>Destruction, damage or disturbance associated with maintenance dredging outside a <b>Commercial Port Area</b> shown on Map 32, Map 33 and Map 34 or a <b>navigation protection area</b> shown on Map 49, in the coastal marine area, including any associated:</p> <p>(a) deposition in, on or under the foreshore or seabed, and</p> <p>(b) discharge of contaminants, and</p> <p>(c) diversion of open coastal water</p> <p>is a controlled activity, provided the following conditions are met:</p> <p>(d) the activity shall comply with any related current resource consent conditions and the area of the coastal marine</p>	N/A
