1. This memorandum seeks leave to extend by 3 days the date for filing expert evidence for Wellington Water Limited for Hearing Stream 6.
2. The relevant s 42A reports are due to be released on 30 April 2018 and the evidence is due 2 weeks later on 14 May 2018.
3. Wellington Water Ltd expects to call expert planning evidence and potentially other supporting technical evidence.
4. The extension is sought because counsel for Wellington Water will be overseas on leave between 30 April and 14 May, and unable to provide any legal review of the evidence during that period. An extension to 17 May would facilitate a legal review, and allow sufficient time for any consequential changes necessary for integration between statements.
5. It is respectfully submitted that this should allow sufficient time for the expert evidence to be considered by the Panel, the Council and other submitters before the hearings commence on 29 May 2018.
