

9 Te Awarua-o-Porirua Whaitua

Minimum flows or water levels referred to in the Plan are interim to the extent that they will be reviewed by **whaitua** committees and may be amended by plan changes or variations following recommendations of **whaitua** committees.

9.1 Policies

In addition to policies on **minimum flows or water levels** that follow, policies in chapter 4 of the Plan also apply equally to **minimum flows or water levels** for the Te Awarua-o-Porirua Whaitua.

Policy P.P1: Minimum flows and water levels in Te Awarua-o-Porirua Whaitua

Minimum flows and **minimum water levels** in Te Awarua-o-Porirua Whaitua are:

- (a) for rivers, 90% of the seven-day **mean annual low flow**, and
- (b) for **natural lakes**, existing **minimum water levels**.

9.2 Rules

~~In addition to rules for the take and use of water that follow, rules in Chapter 5 of the Plan also apply equally to rules for the Te Awarua-o-Porirua Whaitua. If an activity is covered by more than one rule, then the rule that applies is the rule that is more specific for the relevant activity, area or resource. This does not apply where a proposal includes a number of activities which trigger separate specific rules. In that case, all rules are considered when assessing the proposal. An activity needs to comply with all relevant rules in the Plan, including those in Chapter 5.¹~~

Rule P.R1: Take and use of water – discretionary activity

The take and use of water from any river, lake or groundwater in Te Awarua-o-Porirua Whaitua is a discretionary activity.
