

Notice of Wellington Water Limited's wish to be party to proceedings

To the Registrar
Environment Court
Wellington

1. Wellington Water Limited (**WWL**) wishes to be a party to the following appeal of decisions on the Proposed Natural Resources Plan (**the Plan**) for the Wellington Region:

Horticulture New Zealand v Wellington Regional Council, ENV-2019-WLG-000103

2. WWL is not a trade competitor for the purposes of section 308C or 308CA of the Resource Management Act 1991.
3. WWL agrees to participate in mediation or other alternative dispute resolution of the proceedings.
4. WWL is interested in the part of the proceedings related to:

Section 5.1.13 being the general conditions for the discharge of agrichemicals

5. WWL opposes the relief sought on this part because it has potential to negatively impact WWL's existing and future drinking water supplies. In addition, the proposed amendment is not certain enough to be an effective standard.
6. WWL is interested in the part of the proceedings related to:

Rule R36B Motorised and aerial discharge of agrichemicals – permitted activity

7. WWL opposes the relief sought on this part because it has potential to negatively impact WWL's existing and future drinking water supplies and water quality outcomes required of local authorities under the Plan.
8. WWL is interested in the part of the proceedings related to:

Rule R94 Cultivation of land – permitted activity

9. WWL opposes the relief sought on this part because it has potential to negatively impact WWL's existing and future drinking water supplies.

10. WWL has an interest in the proceedings that is greater than the interest that the general public has, because the proceedings relate to provisions that affect existing and future drinking water supplies, for which WWL is responsible.

M J Slyfield
