

Kaitoke Regional Park Management Plan Review: Analysis of draft plan and submissions

	Name	Submission	Management plan policies					GW comments	
			Overarching	Environment & landscape	Cultural heritage	Use	Partnership		'The Way Forward'
01	Ted Bradstock	Park is a jewel, congratulations and thanks, often picnics, would like no change	✓	✓	✓	✓	✓	✓	Draft seeks to maintain KRP's essential character and build on existing values
02	Glen Falconer	Happy with things to date, would like Hutt catchment to become part of park and allow camping in catchment, like track to link Maymorn ridge and route along Maymorn and Renata Ridges.	✓	Pest plants 2.10 – 2.15	✓	✓	✓	✓	'Forks Track' leads to WCA. Camping and ridge tracks covered by GW water Collection Areas Draft Asset Management plan.
03	Terry Porritt	Has concerns about signage and track marking, would like a reassessment of no camping in water collection area and clubs advised of track marking practices, access from Cloustonville makes one day walks in the catchment difficult. Would also like to see a track cut from Akatarawa Road and through Putaputa or Kerekere streams. Or from Frances Stream/Fern Valley to Tararua Forest Park. Encroachment of landowners. Logging of native trees. Better signs and 1080 practices	acquisition 1.10 linkages 1.12- 1.14 development 1.15, 1.22 entry areas 1.24 signage 1.21	✓	✓	✓	4.6 & 4.7	✓ More tracks proposed within park Tracks outside park and in WCA not addressed here	No change proposed to park entry points, currently Te Marua & Pakuratahi main entry points with underpass to be constructed becoming a secondary entrance, however policies do not preclude another secondary entrance if an opportunity arises Ridge track is a tramping track rather than walking, providing a range of experiences in the park and in keeping with the area's character and asset management service levels Ranger has spoken with people/ club involved in track markers incident New signage and brochures include park care codes Potential track using tramway leads to Putaputa catchment To address specific 1080 comments separately Camping covered by GW water Collection Areas Draft Asset Management plan.
04	Dean Bowden	Local landowner on Waterworks Road – would like to discuss opportunities for unobtrusive commercial activities within the park	✓	✓	✓	use 3.33-3.34	✓	✓	Provided for in current concessions policy and network plan
05	Margaret Aldridge		✓	✓	✓	✓	✓	✓	Rangers have assessed need and have made arrangements over the busy Christmas season to have additional toilet onsite. Situation to be monitored.
06	Bill Patchett	Local resident	✓	✓	✓	✓	✓	Refer Pakuratahi development plan	Long-term increased development of upper terrace – may include bbqs if need arises More planting proposed in lower area
07	Bruce Burley	Local resident	✓	✓	✓	✓	✓	✓	Covered by network plan provisions
08	Alison Patchett	Local resident	✓	2.10 – 2.15, 2.17	✓	✓	✓	✓	Covered by network plan provisions
09	NZMCA	Supports 3.4.10 but would like camping/ motorhome recreation distinction made	✓	✓	3.12	✓	✓	✓	Nature of camping and facilities means that distinction is not required yet
10	Barry Wards (F&B)	Likes the parks values and would like to see more erosion control, planting, community involvement	1.21	✓	✓	✓	✓	✓	Potential tracks & restoration identified in concept plans, speedway outside KRP, liaison with flood protection, when required.
