Dear Robert

**Invitation to a meeting - Mills Street stopbank**

Greater Wellington invites you to a meeting at 6:00 pm, Thursday, 9 July 2009 in the Waimare Croquet Club clubrooms, Ewen Park, Melling, Lower Hutt to present options currently being investigated for upgrading the stopbank at the end of Mills Street.

As you may be aware, Greater Wellington has undertaken to upgrade the existing Hutt River stopbanks from the Kennedy Good Bridge to the Lower Hutt City Centre. This stopbank upgrade will be implemented in two stages as described below.

**Stage 1 from 2009 – 2013:** Boulcott/Hutt stopbank, extending from Kennedy Good Bridge to a point about 90 metres east of Mills Street. Please refer to the attached map.

**Stage 2 from 2013 – 2019:** City Centre stopbank extending from Mills Street to the Ewen Bridge in Lower Hutt.

We have now investigated a number of preliminary stopbank upgrade options to the section of stopbank at the end of Mills Street we would like to present these options at the meeting to obtain your feedback.

Please contact me (04 801 1047, email [daya.atapattu@gw.govt.nz](mailto:daya.atapattu@gw.govt.nz)) if you cannot attend the meeting and wish to meet us at some other time.

Yours sincerely

**Daya Atapattu**  
Team Leader, Western FMPs
