The specific provision(s) of the Proposed Natural Resources Plan that my submission relates to is:

Please specify the provision/section number: Coastal Management Activities - Motor vehicles on the foreshore

My submission on this provision is:

I **support** the provision

I **oppose** the provision

I wish to have the specific provision **amended**

Reasons for my submission: The rules relating to vehicles on beaches are not being complied with. In our local area, the Waikanae Estuary is a scientific reserve. There are several groups planting and enhancing the environment. The vehicles are more apparent at whitebaiting season. This time of year clashes with our coastal birds pairing off and nesting.

I seek the following decision from WRC (give precise details): Either the rules should be amended and made stronger or the rules should be made more public with more signage. more profile in our local papers, more patrols of the beaches and stronger penalties for breaking the law. Educating the public is important.

Please continue on separate sheet(s) in similar format or download a submission form from www.gw.govt.nz/regional-plan-review

If others make a similar submission, I will consider presenting a joint case with them at a hearing.
